### EXAMINER'S AMENDMENT

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Mr. Albert Hilburger on May 20, 2004.

The application has been amended as follows:

In the claims

Claim 2: lines 4 and 5, "profiled" has been changed to --contoured--.

Claim 5: line 7, --contoured-- has been inserted after "peripheral" in both occurrences.

Claims 6-8 have been canceled.

Claim 10: lines 4 and 5, "profiled" has been changed to --contoured--.

Claim 13: line 7, --contoured-- has been inserted after "peripheral" in both occurrences.

2. The following is an examiner's statement of reasons for allowance: Applicant's arguments filed on May 3, 2004 are persuasive therefore the 103 rejection has been withdrawn. Specifically in Applicant's method the tooth tip of the rolling die engages the trochoidal root/fillet surface between adjacent mating teeth of the workpiece to effect

material flow along the outer peripheral contoured surface, these in combination with the rest of the limitations in the claims. By contrast, Bregi et al. (US Patent 3,631,703) teaches forming undercuts on root portions of the teeth but the surface adjacent mating teeth is not roll-finished (see figures 2 and 3 of Bregi et al.) as the tooth tip portion does not engage the surface between adjacent mating teeth of the workpiece.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Essama Omgba whose telephone number is (703) 305-2915. The examiner can normally be reached on M-F (10-7:30) First Friday off.
